

Department of Geography

We are expanding our team

The Dean of the Faculty of Science of UJEP announces a vacancy for an academic staff member with a focus on

ENVIRONMENTAL/PHYSICAL GEOGRAPHY

FTE: full-time (1.0) | Start date: September 2023 | Deadline for submission of applications: **10 May 2023**

Department of Geography at the Faculty of Science of J. E. Purkyně University is among the largest university geography department in Czechia. It cooperates with practitioners and top research teams in Czechia, Germany, the United Kingdom and elsewhere abroad. The Department offers higher education at bachelor's, master's, and doctoral levels. Our research interests include five framework topics that are addressed in international and national research teams and in close collaboration with the public sector and NGOs to ensure real-life impact of our results. The research topics include the study of the spatial context of cultural interactions in the contemporary world, the natural and social aspects of disaster / environmental risk reduction, the possibilities of identifying and mobilising development through local actors and innovations, the possibilities of visualizing spatial processes and changes in the landscape and society using geoinformation technologies, and didactic research in geography with a focus on the role of visual materials in secondary schools. <https://geography.ujep.cz/en>

We offer work in a creative and welcoming interdisciplinary team in the modern facilities of the Centre for Natural Sciences and Technologies at UJEP (<https://prf.ujep.cz/cs/cpto>), freedom to define new research directions and a range of employee benefits.

Qualifications and job description:

- preferably a focus on applied hydrology, meteorology, climatology with knowledge of geographic information systems or remote sensing, but related expertise is also welcome,
- being at least in first grades of the doctoral study programme in a relevant field,
- the duties include teaching assignments (fundamental, methodological, and regional courses in environmental/physical geography, applied courses in environmental planning), supervision of students' theses, scientific research and publication activities, and participation in the popularisation and organisation of the department's activities.

Applications with a CV, certified evidence of academic and scientific and pedagogical titles, an overview of scientific and pedagogical activities and experience, information on membership in professional societies, a list of publications and a motivation letter should be sent **by 10 May 2023** to the Employment Department of the J. E. Purkyně University, Pasteurova 1, 400 96 Ústí nad Labem (hana.havlova@ujep.cz). Participants in the selection procedure are not entitled to reimbursement of the costs of the selection procedure. The Dean reserves the right to cancel the selection procedure.
