Slovak Geographical Society

cordially invite you to

14th SLOVAK-CZECH-POLISH SEMINARIUM

Making geography matter in Central and Eastern Europe

After a 3-year break caused by turbulent events, we are coming back to the regular Slovak-Czech-Polish Seminarium. Back in the 1990s, a 2-year span was established between our conferences, with their organization rotating among University of Warsaw, Charles University in Prague and Comenius University in Bratislava. However, events following after the Covid-19 pandemic outbreak brought a short disruption of the Seminarium's periodicity. But here we are again to announce that on June 11th-13th, 2025 we all will have an opportunity to discuss together in Smolenice Castle, located in the Small Carpathians approximately 50 km from the capital city of Slovakia, Bratislava.
